PRODUCT ADVANTAGES

COST EFFECTIVE
great results at a much cheaper price than standard stone.

MUTLIUSE
ideal for new construction projects and for the renovation of older buildings.
In fact, it can used over any plastered surface.

FASTER TO APPLY
than any other technique.

DURABLE
Same lifespan as standard stone.

RESISTANT
with an appropriate primer, it can withstand temperature fluctuations, humidity, and much more.

LOWER LABOR COST
Less working hours and less workers are needed to cover the surfaces than other techniques.

EASY & CHEAP TO MAINTAIN
much cheaper than cladding or any other technique.

ECO- FRIENDLY & ENERGY
Saving Properties

QUICK AND SIMPLE WAY
to add a personalized, signature touch to projects.
